Intermediate Applications of InDesign CC

What You Will Learn 1

Creating a File with Multiple Columns 2

Theading Text Frames 3
- Threading Text to an Existing Frame 3
- Revealing Text Threads 3
- Inserting a New Frame Between Threaded Frames 4
- Shortcuts for Threading Text Frames 4
- Deleting a Threaded Frame 5
- Moving Between Threaded Text Frames 5

Using Rulers, Guides, and the Document Grid 6
- Rulers 6
- Ruler Guides 8
- The Document Grid 11
- Creating Paragraphs That Span Columns 12

Graphic Frames 14
- Graphic File Formats 14
- Placing an Image in a Graphic Frame 15
- Dynamically Placing a Graphic 16
- Placing Multiple Graphics 16
- Scaling a Graphic Frame 16
- Making It Fit 17
- Using the Control Panel to Fit Content and Frame 17
- Aligning and Resizing with the Gap Tool 18
- Moving an Image 20
- Moving the Frame Only 21

Exercise 1 22

Cropping and Masking a Graphic 24
- Scaling a Graphic 25
- Adding Background Color to an Image 25
- Shearing and Rotating Objects 26
- Setting the Center of Transformation 27
- Flipping an Object 28
- Repeat Transformations 29

Wrapping Text 30
- Applying a Text Wrap 30
- Editing a Text Wrap 33
- Ignoring a Text Wrap 33

Exercise 2 34

Color 35
The Swatches Panel 35
Adding a Process Color Swatch 37
Editing, Copying, and Deleting Swatches 38
Creating a Gradient Swatch 39

Transparency Effects 43

Expanding and Condensing Type 47

Placing Text on a Path 49

Converting Text to Paths 52

Finding and Changing Text Format Settings 52

Templates 57
Saving a File as a Template 57
Using a Template 58

Exercise 3 59

Tables 60
Creating a Table 60
Inserting Text 61
Resizing Tables, Rows, and Columns 62
Inserting Graphics 65
Applying Strokes and Fills to Table Cells 67
Formatting Table Borders 68
Alternating Fills 69
Converting a Table to Text 70
Converting Text to a Table 70
The Table Panel 71

Exercise 4 72

Master Pages 73
Creating a Master Page 73
Applying a Master Page 75
Changing Master Page Items 75

Document Pages 76
Setting Up Facing Pages 76
Moving from Page to Page 78
Inserting Pages 79
Manually Insert a Page Based on A-Master 79

Moving Pages 81
Deleting Pages 81

Page Numbering and Sections 82
Adding Jump Lines 83
Dividing a Document into Sections 84
Changing the Starting Page Number 85
Selecting Page Numbering Options 86
Creating and Using a Section Marker 86
Identifying Page Numbers to Print 87

Exercise 5 88

Multiple Page Sizes 89

Document Printing 90
Spreads 90
Thumbnails 91
Tiling 92

Appendix A: Producing Professional Pages 93

Appendix B: Fun with Rotating and Shearing 95

Appendix C: InDesign CC Toolbox 96

Appendix D: InDesign CC Shortcuts 97

Appendix E: Adobe Bridge 99

Appendix F: Mini Bridge 108

Appendix G: Solutions to Exercises 110
