

Introduction to Security: Internet Security

Why is Internet Security Important?.....	1
Security and IP Protocols.....	2
Encryption.....	2
Cryptography and Internet Security.....	6
Cryptography and the Internet Protocols.....	11
The Limits of Cryptography.....	18
Exercise 1.....	20
Common Internet Attacks.....	23
Resources for Up-to-Date Information.....	23
Spoofing.....	25
Distributed Denial of Service (DDOS).....	27
Worms.....	27
Social Engineering.....	29
Insider Attacks.....	30
War Dialing.....	30
Wireless Networks.....	31
Tape Backups / Hard Drives.....	33
Exercise 2.....	34
Legal Issues in Internet Security.....	36
Liability.....	36
Legislation.....	37
Filtering and IDSs.....	38
Incident Handling.....	39
Computer Forensics.....	40
Exercise 3.....	41
The Big Picture.....	43
Sniffers.....	43
Keystroke Loggers.....	43
Steganography.....	44
Identity Theft.....	44
National Security / Public Safety.....	45
Exercise 4.....	46
Solutions to Exercises.....	48
Solutions to Exercise 1.....	48
Solutions to Exercise 2.....	52
Solutions to Exercise 3.....	54
Solutions to Exercise 4.....	57
