

# Intermediate SQL Server System Administration

Database Basics Review .....	1
Working with Databases and Tables Within the Enterprise Manager .....	2
Altering the Database and Table Properties.....	2
Working with Tables within the Enterprise Manager .....	3
Using Transact-SQL to Create a New Database.....	8
Filegroups .....	11
Shrinking the Database and Transaction Log Files .....	15
Truncating the Transaction Log.....	15
Automatically Shrink.....	15
Manually Shrink.....	15
Shrinking the Database Using Transact-SQL.....	15
Exercise 1 .....	16
Database Maintenance .....	18
SQL Server Maintenance.....	18
Database Maintenance .....	20
Table and Object Maintenance .....	20
Job Maintenance .....	20
Windows Server Maintenance .....	20
Maintenance Checklist.....	21
Automating Database Administration.....	22
SQL Server Agent.....	22
Job Scheduling.....	22
Alerts.....	28
Database Maintenance Plan Wizard .....	32
Exercise 2.....	36
Indexes and Index Performance.....	37
Table Scans, Pages, and Extents.....	37
SQL Server 2000 Index Structure.....	39
Clustered and Nonclustered Indexes.....	40
Index Factors That Affect Performance.....	42
General Information.....	43
Creating Indexes .....	43
Viewing Table Indexes .....	46
Renaming, Deleting or Adding an Index .....	46
Index Strategies.....	47
SQL Server 2000 Index Tuning Wizard.....	48

Query Optimization .....	51
Query Optimizer .....	51
Query Optimization Tools .....	53
Composite Indexes.....	57
Overriding the Query Optimizer .....	58
Exercise 3 .....	60
MultiUser Considerations .....	61
Locks.....	61
Blocking and Deadlocks .....	61
Physical Locks .....	61
Locking Methods .....	62
Viewing Locks and Blocking.....	63
Minimizing Locking and Preventing Deadlocks .....	67
Multiuser Configuration Options.....	68
SQL Server 2000 Backup and Restore .....	71
The Recovery Models.....	71
Differential Backups .....	72
Transaction Log Backup.....	73
File / Filegroup Backup .....	73
Creating a Backup Device .....	74
Performing Database, Transaction Log, Differential, and File/Filegroup Backups .....	75
Parallel Striped Backups and Media Sets .....	82
SQL Server 2000 Restore .....	83
Exercise 4.....	90
Appendix A – Sample Maintenance Checklist .....	91
Appendix B – Solutions to Exercises.....	92
Solutions to Exercise 1.....	92
Solutions to Exercise 2.....	93
Solutions to Exercise 3.....	99
Solutions to Exercise 4.....	101
