

# Introduction to Exchange Server

Exercise 1: Review TCP/IP and Windows 2000 and Install Active Directory.....	1
Installing Exchange 2003.....	3
Enterprise Edition vs. Standard Edition.....	3
System Requirements.....	4
Upgrade Considerations.....	5
Installation Checklist .....	6
Exercise 2: Install Microsoft Exchange .....	7
Using Exchange with Active Directory, IIS, and DNS .....	13
Active Directory Review .....	13
Exchange and Active Directory .....	16
Exchange and IIS .....	16
Exchange and DNS .....	17
Exchange Server 2003 Basic Administration .....	20
Exchange Server 2003 Administrative Tools .....	20
Exchange Server 2003 Architecture .....	21
E-Mail Clients and Account Administration .....	25
Creating E-Mail Accounts .....	28
Creating Distribution Lists.....	35
Query-Based Distribution Groups (QBDGs).....	36
Creating Contacts.....	38
Naming Conventions .....	38
Exercise 3: Create Accounts and Distribution Lists .....	39
Exchange Store .....	43
Exchange Storage Architecture.....	43
Transaction Logs.....	49
Best Practices .....	51
Backing up and Restoring an Exchange Server.....	52
Mailbox Recovery Center.....	53
ExIFS .....	53
Exercise 4: The Exchange Store .....	55
Message Delivery.....	58
Routing Groups.....	58
Connectors .....	58
Exchange Transport .....	58
Message Delivery to and from the Internet.....	59
Internal Queues and Message Flows.....	60

Message Tracking .....	61
Exercise 5: Message Delivery .....	65
Additional Administrative Tasks .....	69
Public Folders .....	69
Mailbox Management .....	70
System Policies .....	71
Recipient Policies.....	74
Recipient Update Service (RUS) .....	77
Maintenance Tasks.....	78
Performance Monitoring.....	83
Exercise 6: Additional Administrative Tasks .....	84
Securing Exchange Server 2003 .....	85
Mail Relay.....	85
SMTP Authentication, Certificates, and Connection Control .....	87
Spam .....	88
Viruses/Worms .....	93
Edit the SMTP Banner .....	93
Exercise 7: Securing Exchange Server 2003 .....	96
Appendix A: Host Names and IP Addresses .....	97
Appendix B: Solutions to Exercises .....	98
