

# Introduction to Excel PivotTables

What You Will Learn.....	1
PivotTable Data Sources.....	2
Rules for PivotTable Data.....	2
Creating a PivotTable from Excel Data.....	3
Naming the PivotTable.....	6
Adding Fields to the PivotTable.....	7
Rearranging Fields in the PivotTable.....	8
Removing Fields from the PivotTable.....	9
Selecting Sections of the PivotTable.....	10
Refreshing the Field List.....	12
Formatting Numbers.....	13
Collapsing and Expanding Views.....	14
Moving a PivotTable.....	14
Deleting a PivotTable Report.....	14
Sorting Data.....	15
Sort Data in Column or Row Labels Using the Ribbon.....	15
Sort Data Using the Sort Dialog Box.....	15
Sort Using a Custom List.....	16
Sort Using the Field List.....	16
PivotTable Layout Options.....	17
Using the Report Layout Options.....	17
Showing and Hiding Subtotals.....	18
Showing and Hiding Grand Totals.....	18
Filtering Data.....	19
Excluding Data Items from Fields.....	19
Filtering Using Comparison Operators.....	20
Clearing Filters.....	20
Using a Date Custom Filter.....	21
Filtering Using the Top 10 Dialog Box.....	21
Using the Report Filter.....	22
Exercise 1.....	23
Working with Slicers.....	24
Inserting a Slicer.....	24
Deleting a Slicer.....	26
Using a Slicer.....	27
Formatting Slicers.....	28
Choosing Calculation Methods.....	29

Creating a Detail Report .....	31
Exercise 2 .....	32
Changing the Data Source .....	33
Adding the PivotTable Wizard to the Quick Access Toolbar.....	34
Grouping Data.....	35
Basing One PivotTable on Another .....	37
Synchronizing PivotTables .....	38
Troubleshooting the PivotTable.....	38
Clearing a Synchronized PivotTable .....	39
Working with Date Fields.....	40
Grouping by Date.....	40
Grouping by Weeks .....	41
Showing PivotTable Values.....	42
Showing the Percent of a Column .....	43
Showing the Difference From.....	44
Showing a Running Total .....	45
Exercise 3.....	46
Manipulating Fields .....	48
Creating a Calculated Field.....	48
Modifying a Calculated Field .....	50
Duplicating Fields in the PivotTable .....	50
Showing a Calculated Field's Formulas .....	51
Deleting a Calculated Field.....	51
Creating a PivotChart.....	52
Creating a PivotChart.....	52
Formatting a PivotChart.....	54
Modifying a PivotChart .....	54
Editing the Chart through the PivotTable .....	56
Printing a PivotChart.....	56
Exercise 4.....	57
Using Recommended PivotTables (Optional) .....	58
Using an External Data Source to Create a PivotTable .....	59
Appendix A: Solutions to Exercises .....	63
