

Intermediate Excel PivotTables

What You Will Learn.....	1
Using Timeline Slicers.....	2
Adding a Timeline Slicer	2
Filtering the PivotTable Using the Timeline Slicer	3
Connecting a Timeline Slicer to Multiple PivotTables.....	5
Using Advanced Summary Options.....	8
Understanding How PivotTables Summarize Values.....	8
Summarizing by Standard Deviation and Variance.....	13
Exercise 1	17
Showing Summaries in Different Ways	18
Showing Values as Percentages.....	19
Showing Values as Differences	23
Showing Values as Running Totals	25
Showing Values as a Ranking.....	26
Exercise 2.....	28
Using Calculated Fields	29
Working with Simple Calculated Fields.....	29
Basing One Calculated Field on Another Calculated Field.....	36
Creating Conditional Calculated Fields	37
Exercise 3.....	45
Understanding Advanced Grouping	46
Simple Grouping on Numerical Data	46
Creating and Using Custom Groups	51
Creating Multiple Levels of Custom Grouping	61
Exercise 4.....	63
Using Conditional Formatting in PivotTables	64
Understanding Ways to Apply Conditional Formatting to PivotTables.....	64
Using Rules that Compare Cell Value to a Given Number	70
Managing Conditional Formatting Rules.....	73
Exercise 5 (Optional)	76
Using KPI in PivotTables	77
Appendix A: Solutions to Exercises	80
